## Statement of Responsibility

For the year ended 31 December 2024

The Board accepts responsibility for the preparation of the annual financial statements and the judgements used in these financial statements.

The management (including the Principal and others, as directed by the Board) accepts responsibility for establishing and maintaining a system of internal controls designed to provide reasonable assurance as to the integrity and reliability of the School's financial reporting.

It is the opinion of the Board and management that the annual financial statements for the financial year ended 31 December 2024 fairly reflects the financial position and operations of the School.

The School's 2024 financial statements are authorised for issue by the Board.

## Notes to the Financial Statements

### For the year ended 31 December 2024

#### 1. Statement of Accounting Policies

##### a) Reporting Entity

Glenfield Primary School (the School) is a Crown entity as specified in the Crown Entities Act 2004 and a School as described in the Education and Training Act 2020. The Board is of the view that the School is a public benefit entity for financial reporting purposes.

##### b) Basis of Preparation

###### **Reporting Period**

The financial statements have been prepared for the period 1 January 2024 to 31 December 2024 and in accordance with the requirements of the Education and Training Act 2020.

###### **Basis of Preparation**

The financial statements have been prepared on a going concern basis, and the accounting policies have been consistently applied throughout the period.

###### **Financial Reporting Standards Applied**

The Education and Training Act 2020 requires the School, as a Crown entity, to prepare financial statements with reference to generally accepted accounting practice. The financial statements have been prepared with reference to generally accepted accounting practice in New Zealand, applying Public Sector Public Benefit Entity (PBE) Standards Reduced Disclosure Regime as appropriate to public benefit entities that qualify for Tier 2 reporting. The School is considered a Public Benefit Entity as it meets the criteria specified as 'having a primary objective to provide goods and/or services for community or social benefit and where any equity has been provided with a view to supporting that primary objective rather than for financial return to equity holders'.

###### **PBE Accounting Standards Reduced Disclosure Regime**

The School qualifies for Tier 2 as the School is not publicly accountable and is not considered large as it falls below the expense threshold of \$33 million per year. All relevant reduced disclosure concessions have been taken.

###### **Measurement Base**

The financial statements are prepared on the historical cost basis unless otherwise noted in a specific accounting policy.

###### **Presentation Currency**

These financial statements are presented in New Zealand dollars, rounded to the nearest dollar.

###### **Specific Accounting Policies**

The accounting policies used in the preparation of these financial statements are set out below.

###### **Critical Accounting Estimates And Assumptions**

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

###### **Cyclical maintenance**

The School recognises its obligation to maintain the Ministry's buildings in a good state of repair as a provision for cyclical maintenance. This provision relates mainly to the painting of the School buildings. The estimate is based on the School's best estimate of the cost of painting the School and when the School is required to be painted, based on an assessment of the School's condition. During the year, the Board assesses the reasonableness of its painting maintenance plan on which the provision is based. Cyclical maintenance is disclosed at note 13.

#### *Useful lives of property, plant and equipment*

The School reviews the estimated useful lives of property, plant and equipment at the end of each reporting date. The School believes that the estimated useful lives of the property, plant and equipment, as disclosed in the significant accounting policies, are appropriate to the nature of the property, plant and equipment at reporting date. Property, plant and equipment is disclosed at note 10.

#### **Critical Judgements in applying accounting policies**

Management has exercised the following critical judgements in applying accounting policies:

##### *Classification of leases*

Determining whether a lease is a finance lease or an operating lease requires judgement as to whether the lease transfers substantially all the risks and rewards of ownership to the School. A lease is classified as a finance lease if it transfers substantially all risks and rewards incidental to ownership of an underlying asset to the lessee. In contrast, an operating lease is a lease that does not transfer substantially all the risks and rewards incidental to ownership of an asset to the lessee.

Judgement is required on various aspects that include, but are not limited to, the fair value of the leased asset, the economic life of the leased asset, whether or not to include renewal options in the lease term, and determining an appropriate discount rate to calculate the present value of the minimum lease payments. Classification as a finance lease means the asset is recognised in the statement of financial position as property, plant, and equipment, whereas for an operating lease no such asset is recognised. Finance lease liability disclosures are contained in note 14. Future operating lease commitments are disclosed in note 20b.

##### *Recognition of grants*

The School reviews the grants monies received at the end of each reporting period and whether any require a provision to carry forward amounts unspent. The School believes all grants received have been appropriately recognised as a liability if required. Government grants are disclosed at note 2.

### **c) Revenue Recognition**

#### **Government Grants**

The School receives funding from the Ministry of Education. The following are the main types of funding that the School receives:

Operational grants are recorded as revenue when the School has the rights to the funding, which is in the year that the funding is received.

Teachers salaries grants are recorded as revenue when the School has the rights to the funding in the salary period they relate to. The grants are not received in cash by the School and are paid directly to teachers by the Ministry of Education.

Other Ministry Grants for directly funded programs are recorded as revenue when the School has the rights to the funding in the period they relate to. The grants are not received in cash by the School and are paid directly by the Ministry of Education.

The property from which the School operates is owned by the Crown and managed by the Ministry of Education on behalf of the Crown. Grants for the use of land and buildings are not received in cash by the School as they equate to the deemed expense for using the land and buildings which are owned by the Crown. The School's use of the land and buildings as occupant is based on a property occupancy document as gazetted by the Ministry. The expense is based on an assumed market rental yield on the value of land and buildings as used for rating purposes.

This is a non-cash revenue that is offset by a non-cash expense. The use of land and buildings grants and associated expenditure are recorded in the period the School uses the land and buildings.

#### **Other Grants where conditions exist**

Other grants are recorded as revenue when the School has the rights to the funding, unless there are unfulfilled conditions attached to the grant, in which case the amount relating to the unfulfilled conditions is recognised as a liability and released to revenue as the conditions are fulfilled.

### **Donations, Gifts and Bequests**

Donations, gifts and bequests are recognised as an asset and revenue when the right to receive funding or the asset has been established unless there is an obligation to return funds if conditions are not met. If conditions are not met, funding is recognised as revenue in advance and recognised as revenue when conditions are satisfied.

### **Interest Revenue**

Interest Revenue earned on cash and cash equivalents and investments is recorded as revenue in the period it is earned.

### **d) Operating Lease Payments**

Payments made under operating leases are recognised in the Statement of Comprehensive Revenue and Expense on a straight line basis over the term of the lease.

### **e) Finance Lease Payments**

Finance lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term on an effective interest basis.

### **f) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, bank balances, deposits held at call with banks, and other short term highly liquid investments with original maturities of 90 days or less, and bank overdrafts. The carrying amount of cash and cash equivalents represent fair value.

### **g) Accounts Receivable**

Short-term receivables are recorded at the amount due, less an allowance for expected credit losses (uncollectable debts). The School's receivables are largely made up of funding from the Ministry of Education. Therefore the level of uncollectable debts is not considered to be material. However, short-term receivables are written off when there is no reasonable expectation of recovery.

### **h) Inventories**

Inventories are consumable items held for sale. They are stated at the lower of cost and net realisable value. Cost is determined on a first in, first out basis. Net realisable value is the estimated selling price in the ordinary course of activities less the estimated costs necessary to make the sale. Any write down from cost to net realisable value is recorded as an expense in the Statement of Comprehensive Revenue and Expense in the period of the write down.

### **i) Investments**

Bank term deposits are initially measured at the amount invested. Interest is subsequently accrued and added to the investment balance. A loss allowance for expected credit losses is recognised if the estimated loss allowance is material.

### **j) Property, Plant and Equipment**

Land and buildings owned by the Crown are excluded from these financial statements. The Board's use of the land and buildings as 'occupant' is based on a property occupancy document.

Improvements (funded by the Board) to buildings owned by the Crown or directly by the Board are recorded at cost, less accumulated depreciation and impairment losses.

Property, plant and equipment are recorded at cost or, in the case of donated assets, fair value at the date of receipt, less accumulated depreciation and impairment losses. Cost or fair value, as the case may be, includes those costs that relate directly to bringing the asset to the location where it will be used and making sure it is in the appropriate condition for its intended use.

Gains and losses on disposals (i.e. sold or given away) are determined by comparing the proceeds received with the carrying amounts (i.e. the book value). The gain or loss arising from the disposal of an item of property, plant and equipment is recognised in the Statement of Comprehensive Revenue and Expense.

### **Finance Leases**

A finance lease transfers to the lessee substantially all the risks and rewards incidental to ownership of an asset, whether or not title is eventually transferred. At the start of the lease term, finance leases are recognised as assets and liabilities in the statement of financial position at the lower of the fair value of the leased asset or the present value of the minimum lease payments. The finance charge is charged to the surplus or deficit over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability. The amount recognised as an asset is depreciated over its useful life. If there is no reasonable certainty whether the School will obtain ownership at the end of the lease term, the asset is fully depreciated over the shorter of the lease term and its useful life.

### **Depreciation**

Property, plant and equipment except for library resources are depreciated over their estimated useful lives on a straight line basis. Library resources are depreciated on a diminishing value basis. Depreciation of all assets is reported in the Statement of Comprehensive Revenue and Expense.

The estimated useful lives of the assets are:

Building Improvements	20-75 years
Furniture and Equipment	10 years
Information and Communication Technology	5 years
Library Resources	12.5% Diminishing value
Leased Assets held under a Finance Lease	Term of Lease

### **k) Impairment of property, plant, and equipment**

The School does not hold any cash generating assets. Assets are considered cash generating where their primary objective is to generate a commercial return.

#### *Non cash generating assets*

Property, plant, and equipment and intangible assets held at cost that have a finite useful life are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indication exists, the School estimates the asset's recoverable service amount. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable service amount. The recoverable service amount is the higher of an asset's fair value less costs to sell and value in use.

Value in use is determined using an approach based on either a depreciated replacement cost approach, restoration cost approach, or a service units approach. The most appropriate approach used to measure value in use depends on the nature of the impairment and availability of information.

In determining fair value less costs to sell, the School engages an independent valuer to assess market value based on the best available information. The valuation is based on a comparison to recent market transactions.

If an asset's carrying amount exceeds its recoverable service amount, the asset is regarded as impaired and the carrying amount is written down to the recoverable amount. The total impairment loss is recognised in surplus or deficit.

The reversal of an impairment loss is recognised in surplus or deficit. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable service amount since the last impairment loss was recognised.

### **l) Accounts Payable**

Accounts Payable represents liabilities for goods and services provided to the School prior to the end of the financial year which are unpaid. Accounts Payable are recorded at the amount of cash required to settle those liabilities. The amounts are unsecured and are usually paid within 30 days of recognition.

### **m) Employee Entitlements**

#### *Short-term employee entitlements*

Employee entitlements that are expected to be settled within 12 months after the end of the reporting period in which the employees provide the related service are measured based on accrued entitlements at current rates of pay. These include salaries and wages accrued up to balance date and annual leave earned, by non teaching staff, but not yet taken at balance date.

#### *Long-term employee entitlements*

Employee benefits that are not expected to be settled wholly before 12 months after the end of the reporting period in which the employee provides the related service, such as retirement and long service leave, have been calculated on an actuarial basis.

The calculations are based on the likely future entitlements accruing to employees, based on years of service, years to entitlement, the likelihood that employees will reach the point of entitlement, and contractual entitlement information, and the present value of the estimated future cash flows. Remeasurements are recognised in surplus or deficit in the period in which they arise.

#### **n) Revenue Received in Advance**

Revenue received in advance relates to fees received from students and grants received where there are unfulfilled obligations for the School to provide services in the future. The fees or grants are recorded as revenue as the obligations are fulfilled and the fees or grants are earned.

The School holds sufficient funds to enable the refund of unearned fees in relation to students, should the School be unable to provide the services to which they relate.

#### **o) Funds Held in Trust**

Funds are held in trust where they have been received by the School for a specified purpose, or are being held on behalf of a third party and these transactions are not recorded in the Statement of Comprehensive Revenue and Expense.

The School holds sufficient funds to enable the funds to be used for their intended purpose at any time.

#### **p) Funds held for Capital works**

The School directly receives funding from the Ministry of Education for capital works projects that are included in the School five year capital works agreement. These funds are held on behalf and for a specified purpose. As such, these transactions are not recorded in the Statement of Comprehensive Revenue and Expense.

The School holds sufficient funds to enable the funds to be used for their intended purpose at any time.

#### **q) Shared Funds**

Shared Funds are held on behalf of a cluster of participating schools as agreed with the Ministry of Education. In instances where funds are outside of the School's control, these amounts are not recorded in the Statement of Comprehensive Revenue and Expense. The School holds sufficient funds to enable the funds to be used for their intended purpose.

#### **r) Provision for Cyclical Maintenance**

The property from which the School operates is owned by the Crown, and is vested in the Ministry. The Ministry has gazetted a property occupancy document that sets out the Board's property maintenance responsibilities. The Board is responsible for maintaining the land, buildings and other facilities on the School site in a state of good order and repair.

Cyclical maintenance, which involves painting the interior and exterior of the school, makes up the most significant part of the Board's responsibilities outside day-to-day maintenance. The provision is a reasonable estimate, based on the School's best estimate of the cost of painting the school and when the school is required to be painted, based on an assessment of the school's condition.

The School carries out painting maintenance of the whole school over a 7 to 10 year period. The economic outflow of this is dependent on the plan established by the School to meet this obligation and is detailed in the notes and disclosures of these accounts.

#### **s) Financial Instruments**

The School's financial assets comprise cash and cash equivalents, accounts receivable, and investments. All of these financial assets, except for investments that are shares, are initially recognised at fair value and subsequently measured at amortised cost, using the effective interest method.

Investments that are shares are categorised as 'financial assets at fair value through other comprehensive revenue and expense' for accounting purposes in accordance with financial reporting standards. On initial recognition of an equity investment that is not held for trading, the School may irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive revenue and expense. This election has been made for investments that are shares. Subsequent to initial recognition, these assets are measured at fair value. Dividends are recognised as income in surplus or deficit unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in other comprehensive revenue and expense and are never reclassified to surplus or deficit.

The School's financial liabilities comprise accounts payable, borrowings, finance lease liability, and painting contract liability. Financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and any gain or loss on derecognition are recognised in surplus or deficit.

**t) Borrowings**

Borrowings on normal commercial terms are initially recognised at the amount borrowed plus transaction costs. Interest due on the borrowings is subsequently accrued and added to the borrowings balance. Borrowings are classified as current liabilities unless the School has an unconditional right to defer settlement of the liability for at least 12 months after balance date.

**u) Goods and Services Tax (GST)**

The financial statements have been prepared on a GST exclusive basis, with the exception of accounts receivable and accounts payable which are stated as GST inclusive.

The net amount of GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the statement of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

**v) Budget Figures**

The budget figures are extracted from the School budget that was approved by the Board.

**w) Services received in-kind**

From time to time the School receives services in-kind, including the time of volunteers. The School has elected not to recognise services received in kind in the Statement of Comprehensive Revenue and Expense.

## 16. Related Party Transactions

The School is a controlled entity of the Crown, and the Crown provides the major source of revenue to the School. The School enters into transactions with other entities also controlled by the Crown, such as government departments, state-owned enterprises and other Crown entities. Transactions with these entities are not disclosed as they occur on terms and conditions no more or less favourable than those that it is reasonable to expect the school would have adopted if dealing with that entity at arm's length.

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and conditions no more or less favourable than those that it is reasonable to expect the School would have adopted in dealing with the party at arm's length in the same circumstances. Further, transactions with other government agencies (for example, Government departments and Crown entities) are not disclosed as related party transactions when they are consistent with the normal operating arrangements between government agencies and undertaken on the normal terms and conditions for such transactions.

## 17. Remuneration

### Key management personnel compensation

Key management personnel of the School include all Board members, Principal, Deputy Principals and Team Leaders.

## 19. Contingencies

There are no contingent liabilities (except as noted below) and no contingent assets as at 31 December 2024 (Contingent liabilities and assets at 31 December 2023: nil).

### Holidays Act Compliance – Schools Payroll

The Ministry of Education performs payroll processing and payments on behalf of boards, through payroll service provider Education Payroll Limited.

The Ministry continues to review the Schools Sector Payroll to ensure compliance with the Holidays Act 2003. An initial remediation payment has been made to some current school employees. The Ministry is continuing to perform detailed analysis to finalise calculations and the potential impacts of specific individuals. As such, this is expected to resolve the liability for school boards.

### Pay Equity and Collective Agreement Funding Wash-up

In 2024 the Ministry of Education provided additional funding for both the Support Staff in Schools' Collective Agreement (CA) Settlement and the Teacher Aide Pay Equity Settlement. At the date of signing the financial statements the School's final entitlement for the year ended 31 December 2024 has not yet been advised. The School has therefore not recognised an asset or liability regarding this funding wash-up, which is expected to be settled in July 2025.

## 20. Commitments

### (a) Capital Commitments

As at 31 December 2024, the Board had capital commitments of \$107,443 (2023: \$0) as a result of entering the following contracts:
